**Year End and Year Forward Update on the  
Commercial Real Estate Market**

Where were we for the last 12 months and where do we think we are going next year? New state and local laws are changing and how will they impact the market place. Ryan will discuss the Market for the San Fernando Valley, Los Angeles and statewide market trends and property types. This is one meeting you want to be at to see if you want to stay in the business. Stay up to date with what is going on and you will then have the information that will make you stand out in the business.
