**1031's-Update On The Current Status And
The Potential For The Future**

1031'S have been around for a long time and we all know how they work...until now. What are the potential changes coming down the line? What do we need to know about in the specific transaction(s). What special rules are there for proprietries in Opportunity Zones. How does the IRS count for days allowed? What about Weekends and holidays? What needs to be in the paperwork? When do we need to set things up? Don't miss this important meeting.
